What is WUT?

What is WUT?

A recent example ... last week I collected writing homework from 81 students. The homework could be

- (1) handwritten or done on a computer (class is in a computer classroom), and*
- (2) handed in in any of four different ways...*

What is WUT?

The four options:

Handing in homework: for my Tsukuba students, you have several ways to hand in your homework.

1. Hand a printed copy to me.
2. Put it in my mailbox on the 4th floor of the Foreign Language Center (my tiger mailbox-->)
3. Attach it to a polite e-mail, but give it a correct filename (e.g., tanaka_taro_selfintro_2010.04.doc).
4. Bring your USB stick and we'll make a copy of the file.

What did my victims hand in?

Table 1. *Mode of Homework Submission*

	Directly Handed In	Mailbox	USB	e-mail
Handwritten	9	0	-	-
Computer paper	52	1	6	13
Total	61	1	6	13

Note. N = 81.

Paper = 76.5%, tech = 23.5%

We'd be happy to entertain any questions at this time!

(sorry if we've tied you in knots)
