THE STAR ZOO (BLUE)

HARRY GILBERT
/ OXFORD

First, I thought the book shows hero of the animal in the zoo, but I was mistaken.

This story's stage was a really star zoo out of the earth, so I was very amazed.

And when I finished reading this book, I was very moved, because this story's theme was a environmental problem. I felt that I'd like

(to keep the earth beautiful, because our humans and animals can live this earth.

Especially "The Christmas present" is my favorite story. Very poor lady wanted to buy a present to her boy friend and she sold her hair. And she bought watch's chain. Also the boyfriend was very poor and he sold his watch and he bought a comb. Each person's caring was very beautiful so I was very moved.

SKYJACK!

Tim Vicary / OXFORD UNIVERSITY PRESS

This story had me remind the event, 9.11.

In this story, criminals hijack to help their fellow who set a bomb on the plane.

One of them says that they fight because they are poor.

I think violence don't produce anything expect sorrow, and violence don't resolve anything.

I hope that the world will be peaceful.

Return to Earth

John Christopher

OXFORD UNIVERSITY PRESS

This story is not so interesting. This story is science fiction. Some people go to space eight years. While they go to space, one hundred years pass in earth. Then people in earth get to be telepaths. When they returned to earth, there are no one. Because telepathy killed people.

→ If I have telepathy, I can't endure too. I think the person has the part that wants to be concealed. I think the polite fiction is important to live.

The Picture of Dorian Gray

OSCAR WILDE

OXFORD UNIVERSITY PRESS

✓ What I thought by reading the book is that beauty is frightening. Dorian killed people because of his secret of his beauty. At last he died because of his secret. Indeed he is beautiful, but his inside is ugly. I don't want to become like him.

And his friend Henry is not good, too. Dorian is troubled by beauty by influence of him. I think that I should choose friend to get along with

Who, Sir? Me, Sir? ✓

K. M. PEYTON / OXFORD BOOKWORMS LIBRARY

Howkwood school's students, Natty, Hoomy, Jazz and Nails, fight against Greycoat school's students in tetraathlon.

Howkwood school's teacher say that they must give up because their school hasn't much money to pay for tetraathlon.

But they start practice themselves to save the horses which are going to the knacker.

In competition, both Howkwood and Greycoat do a cheat, and they will compete again next year.

I think Howkwood students are great because they fight against Greycoat students without support of their school. This story is interesting

because I realize they grew through tetraathlon.
